**Notice to Mariners of Activities associated with the Development of the
Kincardine Offshore Windfarm – Dropped Object**

Please be advised that during recovery of the LiDAR buoy its chain parted. This caused the separated chain and clump weight to land within the consent area for the Kincardine Offshore Windfarm as shown in the figure below.

Recovery of the items will be scheduled for later this year.

1. Area of Planned Activity

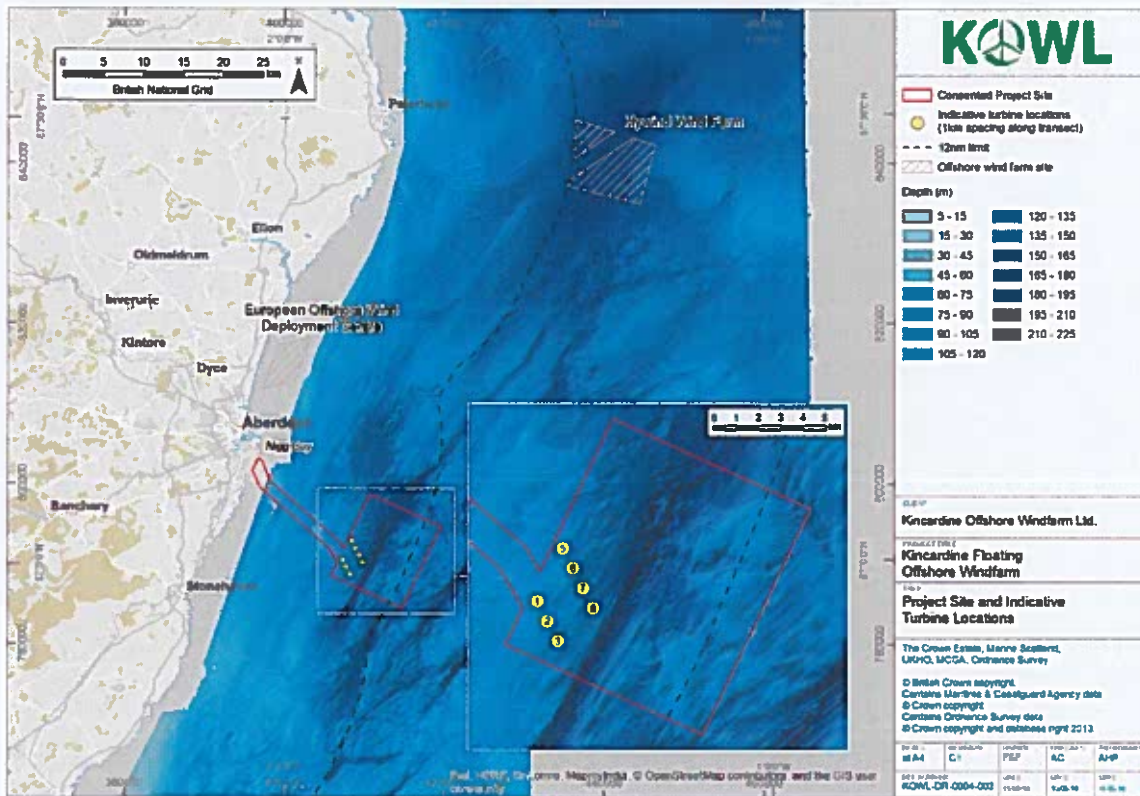

Figure 1: Project Site and Indicative Turbine Locations (NOT TO BE USED FOR NAVIGATION)

2. LiDAR Buoy Details

The Dropped Objects are in the vicinity of the existing LiDAR Buoy however, exact coordinates, at this time, are unknown.

WTG	UTM ZONE 30		WGS84	
	Easting (m)	Northing (m)	Latitude	Longitude
LiDAR Buoy	568130	6318724	57° 0' 25.506"	-1° 52' 30.184"
