Notice to Mariners: Notice of Air Diving works on the Kincardine Floaters

1) Summary

Please be advised that there will be a DSV in the Kincardine field working on each of the KIN01, 02, 03, 04 and 05 Wind Turbines. The work is expected to commence earliest 23rd August 2023 and will proceed, weather wind and tide dependent, for around 30 days. The exact sequence of when the DSV will be alongside each floater is as yet undefined.

The DSV will be going to the site on a daily basis, optimising the daily hours with tide times.

It is requested that appropriate distance is maintained while diving operations are ongoing.
